6	1/4" x 3/4" Small bolt		4pcs
7	1/4" Spring washer		4pcs
8	1/4" Flat washer		4pcs
9	4mm Allen key		1pc

ASSEMBLY INSTRUCTION

Note: Bed can be assembled by one person rather easily, but if two people are available it is easier and the operation will require less preparation. The instructions are written assuming one person is assembling the bed.

- I. Place the Headboard (A) upright in the position you wish the bed to be in when fully assembled. The Headboard bedfast hardware should be facing the inside, toward the mattress.

Secure the Threaded Rod (1) to the Headboard (A). Place towels or some other soft item (not included) under each Side Rail (B). These will protect the floor while lifting the rails, allowing for easier attachment to the headboard & foot rail. Raise the Side Rail (B) up and place the rod into the Side Rail (B) at the bore holes' position, insert Curved Slotted Washer (2) and tighten Hex Nuts (3) using Hex Wrench (4) (as shown in diagram 1).

Repeat the procedure with the side rail end and Footboard (C).

2. Attach metal bracket of the Side Rails (B) to the Headboard (A) by using Small Bolt (6), Spring Washer (7), Flat Washer (8) and tighten with Allen Key (9) (as shown in diagram 2).
3. Attach the Support Legs (E) to the Slat Roll (D) (as shown in diagram 3).
4. Lay the Slat Roll (D) in between the Side Rail (B) and secure with Wood Screws (5) (as shown in diagram 4).

CARE INSTRUCTIONS:

- Dust often using a clean, soft, dry lint-free cloth.
- Blot spills immediately, and wipe with a clean, damp cloth.
- We do not recommend the use of chemical cleansers, abrasives, or furniture polish on our lacquered finish.
