INSTRUCTIONS

The bed is composed of several components, the headboards, trunk storage, footboard and twin cover panel. Determine the intended location and ensure there is enough space to work with and fully read these instructions before physically doing the entire assembly.

STEP #1:

Place the bed parts on a plain and non-abrasive surface. Remove the drawer and twin cover panel of the trunk storage (B) to have a full access to the holes on both corner ends. Please see figure 01.

FIGURE 02

STEP #2:

Place the headboard (A) upright in the position you wish the bed to be in when fully assembled. The headboard (A) bed fast hardware should be facing inside, toward the storage trunk. Bring the headboard (A) against the trunk storage (B) then locate and align the wooden dowels into the holes of the headboard (A), once the bed storage drawer (B) is set, fasten these with Allen head bolt (1) together with lock washers (2) and plains washers (3) provided. Tighten the bolts with Allen wrench (4) to snug fit. Please see FIGURE 02.

FIGURE 03

STEP #3:

Repeat the above procedure with the other bed storage drawer (B) to attach it to the headboard (A), and then repeat to connect the bed storage drawer (B) to the footboard (C).

STEP #4:

Set the twin cover panel on top of the trunk storage and fasten these with screws (5) provided as in figure 03 and then Insert drawers back to each bed storage drawer compartment.
