**features**

Mirrored end panels adorned with graceful, interlocking fretwork impart an understated elegance to our otherwise traditional panel crib, striking the perfect balance between function and glamour.

- Wood frame and sides have an antiqued grey finish
- Using glass that is tempered and virtually unbreakable, the mirrored end panels are achieved using a vere églomisé technique, an applied silver-leaf process
- Crafted with a kiln-dried hardwood frame
- Finished by hand using a 16-step process to achieve the look of a weathered antique
- This item is handcrafted with meticulous care. Given its hand-finished nature and natural variations in the wood grain, each item is unique and no two will be exactly alike
- Nylon glides on feet

- Stationary sides
- Converts to a toddler bed with our simple conversion kit (sold separately)
- Hidden hardware, 3 height settings and scissor springs beneath the mattress support for easy adjustability and superior durability
- Our cribs are designed and engineered to the highest safety standards. In addition to our own superior level of safety standards that meet or exceed those set by the Consumer Product Safety Commission and American Society for Testing and Materials, each crib undergoes rigorous testing by independent laboratories for compliance with all US and Canadian crib regulations.

**care**

Wipe with a soft, dry cloth. Avoid direct sunlight and heat to protect the wood finish.

**swatches**

Wood swatches are available for purchase online by calling 800.762.1751.
