

PEACE *of* MIND

GREENGUARD

GOLD CERTIFIED FURNITURE

RH Baby & Child offers the largest selection of GREENGUARD Gold Certified residential children's furniture in the world. From cribs to changing tables to dressers and beds, an extensive selection of our children's furniture is now GREENGUARD Gold Certified. This means products have been tested and verified to meet stringent chemical emissions standards. The result is reduced chemical exposure for you and your family, and improved indoor air quality in your home.

The GREENGUARD Gold Certification mark indicates that products have been independently and scientifically screened for over 10,000 chemicals and more than 360 volatile organic compounds (VOCs), such as formaldehyde and phthalates, that pollute indoor air and contribute to health problems, including asthma and allergies. Products carrying GREENGUARD Gold Certification meet UL's rigorous third-party chemical emissions standards and are low-emitting. In addition, our products are regularly monitored and re-tested to ensure they continue to comply with GREENGUARD Gold Certification standards.

Our commitment to GREENGUARD Gold Certification ensures your peace of mind and your family's health. For more information, visit www.greenguard.org.
